

To the Members of the California State Senate:

I am returning Senate Bill 1177 without my signature.

Although I support the effort to secure a non-General Fund source of funding for these programs, I am not comfortable increasing court fees at this time. This would create an additional burden on the public, many of whom use our court system and would face the increased fines.

For these reasons, I am returning this bill without my signature.

Sincerely,

Arnold Schwarzenegger
